JIJAMATA MAHAVIDYALAYA, BULDHANA

BEST PRACTICE -1

GREEN AMBIENCE

Objectives of the Practice

- To enhance the awareness about climate change, Ozone depletion and organic farming and sustainable utilization of natural resources.
- To make students comprehend the inter-relationship between components of ecosystem.
- To protect the natural habitats for conservation of wild species.
- To encourage students to collect seeds of crop plant.
- To make survey of plant diversity within college campus.
- To create interest and motivate students for study and research in plant science.
- To collaborate with NGOs to contribute prominently in spreading greenery.
- To disseminate the message of Nature conservation among students and citizens.

Context

Our planet earth is full of resources, some renewable and some are not, but unfortunately, we have an ever-growing population that poses a huge threat to all these resources. It is therefore unclear what future generations will find, if ever, and what life will be like for them if we exploit all the current resources. It is important to save our environment to enhance our health, protect our ecosystem, protect natural resources, fight climate change, control Pollution, preserve and protect life on Earth, and finally to pave the way for future generations. Students are the future of the country. They grow up and work for the betterment of the nation and world. **Being most dominant species on earth human used natural resources abundantly than other species existed on our planet. So, human have to take the responsibility of the maintenance of the earth.**

The Practice

Our Jijamata Mahavidyalaya is located in the heart of Buldhana town on 23 acres campus which is eco-friendly having rich plant diversity of herbs, shrubs, trees and lower plants like Bryophytes, Pteridophytes. Students and staff are actively engaged in several environmental protection activities conducted by Department of Botany, Zoology, NSS, NCC units and other departments to enhance the awareness for environmental conservation among students during 2022-2023

- **Ozone Conservation Day:** To spread awareness among the students about Ozone Layer 'Ozone Conservation Day' is celebrated by the department of Zoology
- **World fungus Day:** Celebrated by Department of Botany
- **Bird Week:** Installation of Artificial Nests for Birds.

- **World Sparrow Day** was celebrated by Department of Zoology to raise awareness of the house sparrow and other common birds their populations on 20 March. Earthen pots to provide water during summer season.
- **National Wildlife Week:** The National Wildlife Week aims at protecting and preserving India's flora and fauna.
- **Survey of Tree Plants:** Survey of College Camus to know plant diversity.
- **Poster Presentation on the Occasion of Dr. Panjabrao Deshmukh Birth Anniversary 2022-2023:** Large number of poster was made on environmental conservation by students.
- **World Wetland Day:** Celebrated by Botany and Microbiology department.
- **World Earth Day:** By Department of Zoology
- **International Millets Year:** Celebrated by NCC.
- **Talking Tree JMV:** Android App was developed by the Department of Botany as an attempt to make trees speak using information technology. A board with the name of the tree & QR code is placed on the trees in the college.
- Seed Bank of Wild and Cultivated Plant Species is established in Department of Botany. Seeds are stored in earthen pots in traditional way.
- Method of Segregation of Degradable and Non-Degradable solid waste material is demonstrated from display board on college premises.
- **Tree Plantation and Conservation Drives: Students, NCC, NSS Unit and College Staff Members** of different Departments actively involved.

Evidence of Success:

- Survey of Trees on college campus enlisted many types of economically important plants including about 278 plants and around 42 plant species.
- NGO 'Vanyajiv Soyare' and District Forest Office appreciated the activity.
- Talking Tree App with QR code created interest and motivated students for study in plant sciences. Even students & staff from other colleges, and citizens are taking benefit of it.
- Some social groups joined our environmental practices and contributed in it. Thus the practice attracted social involvement in institutional efforts to create green ambience on and off the campus.
- Various competitions motivated students to search, and read about environmental issues.
- Students understood traditional way Seeds storage.
- Members of Management, eminent citizens, officers, Alumni voluntarily involved in plantation in the College Premises.

Problems Encountered and Resources Required

- Mortality rate of young plant is more than expectation due to rocky bed underneath soil layer, plant diseases.
- Excess water logged during rainy season.
- Water scarcity and high temperature during summer season.
- Good quality of plantlets. More water resources required for large area.

(Ex.- 2023-24 / Arts / Commerce / Science / Department / Committee / Criterion/ Activity No.:...)

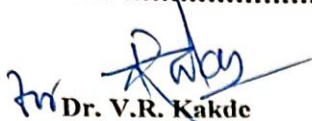

Name of Activity : Worlds Ozone Day			
Date	: 16 September 2022	Time	: 11:00 AM
Faculty	: Science	Department / Committee	: Zoology
Venue	: Jijamata Mahavidyalaya, Buldhana	No. of Participants	: 26
Head / In-charge	: Dr. V. R. Kakde	Assistant In-charge	: Dr. R. M. Yewale, Prof. P. R. Thakare, Ms. S.L. Nalinde

Brief Information about the Activity

Topic of Activity	Worlds Ozone Day-16-09-2022
Objectives	<p>1. World Ozone Day or International Day for preservation of Ozone Layer is observed on September 16 every year. The motto behind its observation is spreading awareness among people about Ozone layer depletion and searching for possible solutions to preserve it.</p> <p>2. World Ozone Day aims to inform people about the significance of the Ozone layer along with how its depletion can have adverse effects on human health, ecosystems and the environment.</p>
Methodology	<p>1. Poster making activity by students to aware conservation of Ozone layer.</p> <p>2. Slogans made regarding Ozone layer protection to avoid high dose of chemicals which are hazardous to living matters.</p>
Mode (Online/Offline)	offline
Outcomes	<p>1. Students would be able to planting more number of trees for minimizing high range hot temperature. Ozone in the stratosphere absorbs some of the Sun's biologically harmful UV radiation.</p> <p>2. Students got knowledge to avoid maximum use of pesticides.</p>

WORLD OZONE DAY
16/09/2022**

REPORT

World Ozone Day is celebrated on 16th September each year to commemorate the signing of Montreal Protocol, an International Environmental treaty for phasing out of production and consumption of Ozone depletion substances, that came into force on this day in 1987. World Ozone Day is celebrated in Department of Zoology, Jijamata Mahavidyalaya, Buldhana to spread awareness among people about the depletion of Ozone Layer and the measures taken or to be taken to preserve it. The theme for World Ozone Day 2023 is "Montreal Protocol" fixing the ozone layer and reducing climate change. Students of B.Sc. Part-I, II & III made few posters to aware and spread conservation of Ozone layer in the atmosphere. For such program Principal Dr. P.P.Kothe supported and appreciated to students for overwhelming participation.

Dr. V. R. Kakde (HODs of Zoology), Dr. r. M. Yewale, Prof. P.R. Thakare, Ms. S. Nalinde, Mr. D. S. More along with 26 numbers of students participated in this program.

3. World Fungus Day

EXTENSION ACTIVITY REPORT

Academic Year: 2022-23

**ACTIVITY - WORLD FUNGUS DAY (PART OF
FUNGUS WEEK AWARENESS BY MYCOLOGICAL
SOCIETY OF INDIA)**

DEPARTMENT OF BOTANY & MICROBIOLOGY

REPORT

Today 27 September 2022, Department of Botany-Microbiology at Jijamata Mahavidyalaya, Buldhana has organized the Poster Presentation competition in collaboration with Mycological Society of India (MSI) and MSI Amravati (Maharashtra) Unit on title "Fungi for Human Welfare" behalf the part of 'Fungus Awareness Week'.

The Chairperson for this program was Principal Dr. Prashant Kothe said that the participation in such programs building the students confidence and helps to developing their personality. Total 24 students actively presented posters. Mr. Ananta More Head of Botany talked on the importance of fungi and need to celebrate this world fungus week. The importance of fungi in decomposition was explained by Mr. Pravin Sarkate. Students from Sant Gajanan Maharaj College of Pharmacy were also participated for this competition. The role of examiner was handled by Dr. Yogesh Rode and Mr. Pavan Thakre. The anchoring responsibility completed by Miss Sneha Kolhe while vote of thanks by Miss Disha Punjabi.

Many teachers, Professors, Students from college were visited and appreciated to this poster presentation program and participants.

WILD-LIFE WEEK CELEBRATION
02nd to 08th October 2022
REPORT

Every year the Department of Zoology, Jijamata Mahavidyalaya Buldhana, celebrated Wild-life Week from 2 to 8 October by organizing a number of activities that created a buzz in the college campus. National Wild-life Week is held from 2 to 8 October every year to spread the message of protecting and preserving India's flora and fauna. During this Wild-life Week celebration, Rangoli and Poster competition organized. Many number of students participated during Rangoli & poster competition. These competitions were organized on the theme "recovering the species for ecosystem restoration". The Rangoli's and posters were beautifully done by the students. 37 students presented enthusiastically in the program. The Rangoli's and posters were very informative and the students gained knowledge on various aspects of Wild-life environmental conservation. College Principal Dr. P. P. Kothe, Dr. V. R. Kakde (HOD, Dept. of Zoology), Dr. R. M. Yewale, Prof. P.R. Thakare, Ms.S.Nalinde, Mr. D.S. More were presented for the program.

Name of Activity	: Bird Week Celebration		
Date	: 5 th to 12 Nov 2022	Time	: 11:00 AM
Faculty	: Science	Department / Committee	: Zoology
Venue	: Jijamata Mahavidyalaya, Buldhana	No. of Participants	: 34
Head / In-charge	: Dr. V. R. Kakde	Assistant In-charge	: Dr. R. M. Yewale, Prof. P. R. Thakare, Ms. S.L. Nalinde

Brief Information about the Activity

Topic of Activity	Bird Week Celebration
Objectives	1. Bird Week is celebrated worldwide to raise awareness about the value of birds in the ecosystem. The day also aims to raise awareness for the conservation of avian species affected by habitat destruction, reducing food choices, and climate change. 2. This day is only celebrated to spread awareness to protect birds in various ways, including legislation, preserving and restoring bird habitat and establishing captive populations.
Methodology	1. Program started by HOD Dr. V. R. Kakde 2. Slogans to save and protect bird's species. 3. Information is given about extinct, vulnerable, endangered critical endangered species.
Mode (Online/Offline)	offline
Outcomes	1. Students would be know the birds are bio-indicators of ecological systems and balance our environment constant. Birds have great importance n our lives. 2. Students also able to know about conservation of Birds species and ultimately to save entre environment.

BIRD WEEK CELEBRATION
05th to 12th Nov.2022

REPORT

Department of Zoology, Jijamata Mahavidyalaya, Buldhana has celebrated Bird Week in the commemoration of Birth Anniversary of Dr. Salim Ali and Dr. Maruti Chittampalli in between 05th Nov. to 12th Nov. 2022 every year. Dr. Salim Ali, the “Birdman of India”, was a naturalist and scientist who contributed enormously to Indian ornithology. He was the first Indian to carry out comprehensive bird surveys around the country, and he also penned several books on birds that helped ornithology gain popularity in India. Shri Maruti Chitampalli was an IFS officer from Maharashtra. Not only is he an ornithologist and naturalist but also a popular nature writer in Marathi. These two ornithologists have devoted their lives to birds and are inspirations for many. Birds, a group of worm-blooded vertebrates, are to be celebrated from 5-12 Nov. this year, in view of Bird Week. Birds are found all over the world and range in size from the 5 cm (2 in) in bee hummingbird to the 2.75 m (9 ft) in ostrich.

Photographs of the activity:

चिमण्या मोठ्या संख्येने असले हे मानवी दस्त्या भोवती निसर्ग कसा समृद्ध वाढे लक्षण आहे गेल्या १३ वर्षांपासून २० मार्च हा दिवस दरवर्षी ' जागतिक चिमणी दिवस' म्हणून पाळला जातो. हा दिवस त्यांच्या संख्येबद्दल लोकांमध्ये जागृती घडवून आणण्यासाठी साजरा केला जातो या काळात चिमणीची संख्या कमी होत आहे. वीज, मोबाईलमधून येणाऱ्या विद्युत चुंबकीय लहरीमुळे चिमणीच्या आणि इतर पक्षी यांच्या आरोग्यावर गंभीर परिणाम होत आहे. काही काळी म्हणजे ४० ते ५० वर्षांपूर्वी गावात शहरात महाटे महाटे चिमण्यांच्या कानावर एकू येणारा मधुर चिजचिवाट आता दुर्मिळ झालाय. घरासमोरील झाडावर, अंगणात, गंधीवर दिसणारी एखाद-दुसरी चिमणीही आता दिसेनाशी झालीय. ' वेग वेग चिऊ ' दाना खा पाणी पी भुरकत उडून जा! असं म्हणत बाळाला घास भरविणारी आई-आजी तर आहे, पण चिऊ पुन्हा येईल म्हणून अन्न पुरवण उडून जा ' असं म्हटल्यानंतर ती उडालेली चिऊ काही आज पाहता तयार नाही. कारण, चिमणीचा अधिवासच धोक्यात आल आहे. मानवी दस्त्यांच वाढत प्रमाण त्यात सिमेंट कॉक्रीटकरण, प्राणी, पक्षांच्या अधिवासातील अतिक्रमण, त्यासाठी केलेली मोठी वृक्षतोड, त्यांच्या अन्न व निवाऱ्याची झालेली दान्या हेव चिमण्यांची संख्या कमी होण्याची प्रमुख कारणे आहेत. चिमणी हा आकर्षक व सुंदर पक्षी आहे आपल्या पर्यावरणासाठी खूप महत्वाचा घटक आहे. आपण चिमणीला वाढवण्यासाठी आपण त्यांच्या पाणी पिण्यासाठी व अन्न याकरिता व्यवस्था करू शकतो. त्यांच्यासाठी आपण झाडांची संख्या वाढू शकतो तसेच आपल्या घराच्या खिडकीत, झाडावर व चिमणीच्या संपर्क येईल त्या जागेवर जल अन्न पात्र ठेवून त्यांना जगवू या!

या चिमण्यांनी परत फिरा!

गुड इरिडिंग city

चिमणीची लक्षणीय घट झाल्यामुळे जगामध्ये वीस मार्च हा दिवस आंतरराष्ट्रीय चिमणी दिवस म्हणून बनवला जातो. हा दिवस मनवण्याची या साजरा करण्याची मुख्य उद्देश म्हणजे चिमणीचे संवर्धन व संरक्षण करणे असा आहे. मानवी दस्त्यात आढळणारा इतरकडून तिकडे उडणारा व चिब चिब चिब करून आपल्या अस्तित्वाची जाणीव करून देणारा गोजिरवाणा जीव म्हणजे चिमणी. चिमणी एक छोटासा पक्षी आहे. भारतात सर्वत्र आढळणारा हा पक्षी आहे. चिमणी ला इंग्रजी भाषेत स्पर्चो म्हटले जाते. नराला चिमना तर मादास चिमनी म्हणतात. चिमण्यास काळे पंख तर चिमणी भुरकट रंगाची असते. झाडावर घरात उकिरड्यावर जमिनीवर सकाळ पासून काळ्या वाळलेले गवत जमा करणे किडी मुंगी सारखे भक्ष तसेच अन्नाचे कण मिळविणे त्याकरिता चिमणा चिमणी अघिरत मात्र असतात. चिमणीचे वैज्ञानिक नाव ' हाऊस स्परो' आहे. जगभरात चिमण्यांच्या जवळपास २५-२६ प्रजाती आढळतात. चिमणी झाडावर घरे करून राहते. चिमण्या जास्त करून समूहात राहतात. दरवर्षी २० मार्चला जागतिक चिमणी दिवस साजरा केला जातो. शहरी व ग्रामीण भागात आढळणाऱ्या चिमण्यांना 'घरेतू चिमणी'

म्हटले जाते. चिमणी आकारत खूप लहान असते. तिका ल भुला किया पादर असतो. तिकी लाठी १५ ते १८ सेंटीमीटर परत असते. चिमणी व बजन जवळपास ३० ते ४५ ग्रॅम असते.

चिमणी ३० ते ४० मीटर उंची पर्यंत उडू शकते. चिमणीला एक सिवळ्या रंगाची घोब आणि उडण्यासाठी दोन पंख असतात. चिमणीचा सरासरी जीवन काळ ५ ते ७ वर्षांचा असतो. चिमणी वर्षभरात तीन वेळा अंड्यातून पिळू जन्मत घेतु शकते. एका वेळेस ३ ते ५ अंडे चिमणी देते. अशा प्रकारे एका वर्षात १२ ते १६ पिळूला जन्म देणारी चिमणी त्या परित्तरातील जैव विविधता किती विपुल प्रमाणात आहे ह्याचे द्योतक आहे. त्यामुळे समूळ जीवसृष्टी टिकवायची असेल तर चिमण्यांची घटती संख्या आपल्या घ्यासाचा विषय व्हायला हवा. आपण लोकसहभागानून चिमण्या वाढवल्या पाहिजेत त्याचे संवर्धन आणि संरक्षण केले पाहिजे. घला तर या २० मार्च जागतिक चिमणी दिवसनिमित्त संकल्प करू या, आपल्या सभोवताली असलेल्या झाडांचे संवर्धन करून पक्षांच्या अन्न निवाऱ्याची सोद करू या! मोठी झाडे नसतील तर, झाडे लावू या जगवू या! आपल्या घराच्या खिडकीत पक्षांकरिता अन्न पाणी ठेवून जगवा. किया अन्न पाण्याचे दुर्मिळ असताना त्यांना होणारी भटकती किया त्यांचे प्राण वाचवू या! असे केल्याने आपल्या सभोवतालची जैवविविधता टिकवू शकेल!

NOTICE – Poster Presentation Competition

A Poster Presentation is being organized by our college on 26th December 2022 at 2 p.m. in order to commemorate the "Birth anniversary Celebration of Honourable Late. Dr. Panjabrao alias Bhausaheb Deshmukh". Venue will be Botany Laboratory. All interested students are invited to prepare poster on theme:

- 1) *Dr. Panjabrao Deshmukh a Visionary Leader*
- 2) *Recent Trends in basic Sciences*
- 3) *Get Rid from Pollution*
- 4) *Soil Conservation*

Interested Students should give their names to the committee on or before 24th December 2022.

Rules:

1. Poster size should 60 cm x 90 cm.
2. Presentation should in any one language (English, Hindi and Marathi).
3. Participant should present in college uniform only with Identity card.
4. Poster should be handmade.
5. Not more than 2 students will be the part of one poster presentation.

***Note-** Poster should be hand-made..

Activity Report

Activity Report

On 26 December at 2:00 p.m. the scheduled poster presentation competition was held at the department of Botany laboratory. This competition was the part of celebration on behalf of the 124th birth anniversary of Dr. Panjabrao alias Bhausaheb Deshmukh the founder of Shri Shivaji education society Amravati and first agricultural minister of independent India.

Total 23 students presented their posters as well as more than 55 people from students and staff visited to this poster presentation ceremony. In the feedback from participants, they noted these activity votes are a very good platform to present the ideas in their minds. Dr. S. D. Sakarkar, Prof. Subodh Chinchole and Dr. Yogesh Rode handled the responsibility as evaluator for this competition. Out of all the presentations the best 3 were selected by three evaluators. The first prize was secured by mis Pallavi madan Anjankar, student of B.Sc. 3rd year class. The second prize was secured by Sakshi Ubale B.Sc. 1st year student and the third prize distributed for two different presentations equally in that Miss Vaishnavi Ingle student of B.Sc. 1st year and Miss Prachi Pradeep Wagh from b.com 1st year. To make this competition successful efforts are taken by the poster committee head Prof Ananta More, Dr. Vikas Pahurkar, Prof Ram Bankar, Dr. Dhale and the special help in this from Dr. Rahul Ukey, Prof. Sneha Kolhe and Prof. Disha Punjabi was given.

The inauguration of this programme was done by the hands of Prof. Sanjay Sonune and Prof. Vinay Paikine in presence of Principal Dr. P. P. Kothe, Head Of this Birth Anniversary Celebration Dr. B. S. Jadhao, Dr. V. R. Kakde, Prof G. P. Deshmukh, Prof. Mrunalini Sapkal, Prof. Wankhede, Prof. D.J. Kande, Prof. Punse. The college students from different disciplines participated in this poster competition.

Dr. Panjabrao Deshmukh A Visionary Leader

Agricultural University, Peshawar

Form Visit

He always has A positive attitude towards the farmers. He had born in farmers family So, he had a great knowledge about the farmers problems

Dr. Bhausaheb Panjabrao Deshmukh was Born on the 27th Dec. 1898 At Pimpri in Amravati District of Maharashtra. His father and Mother was Shamrao & Radhabai Kadam. Their Original surname was Kadam. He was graduate from Foreman college Pune. He was co-worther of Dr. BR.

While working with Dr. Ambedkar in constitution commity Dr. B.R. Ambedkar said that " This commity is blind, deaf's and dumb's commity without Bhausaheb Deshmukh". Cause He had ask 5000 questions to Dr. Ambedkar Over the constitution.

Get Rid of Pollution

Air Pollution

Contamination of air due to smoke, dust, fumes, etc. from factories, vehicles, etc.

Effects of Air Pollution:

- 1) Global warming
- 2) Acid rain
- 3) Lung disease and asthma
- 4) Damage to plants and animals

Soil Pollution

Contamination of soil due to heavy metals, pesticides, etc. from factories, vehicles, etc.

Effects of Soil Pollution:

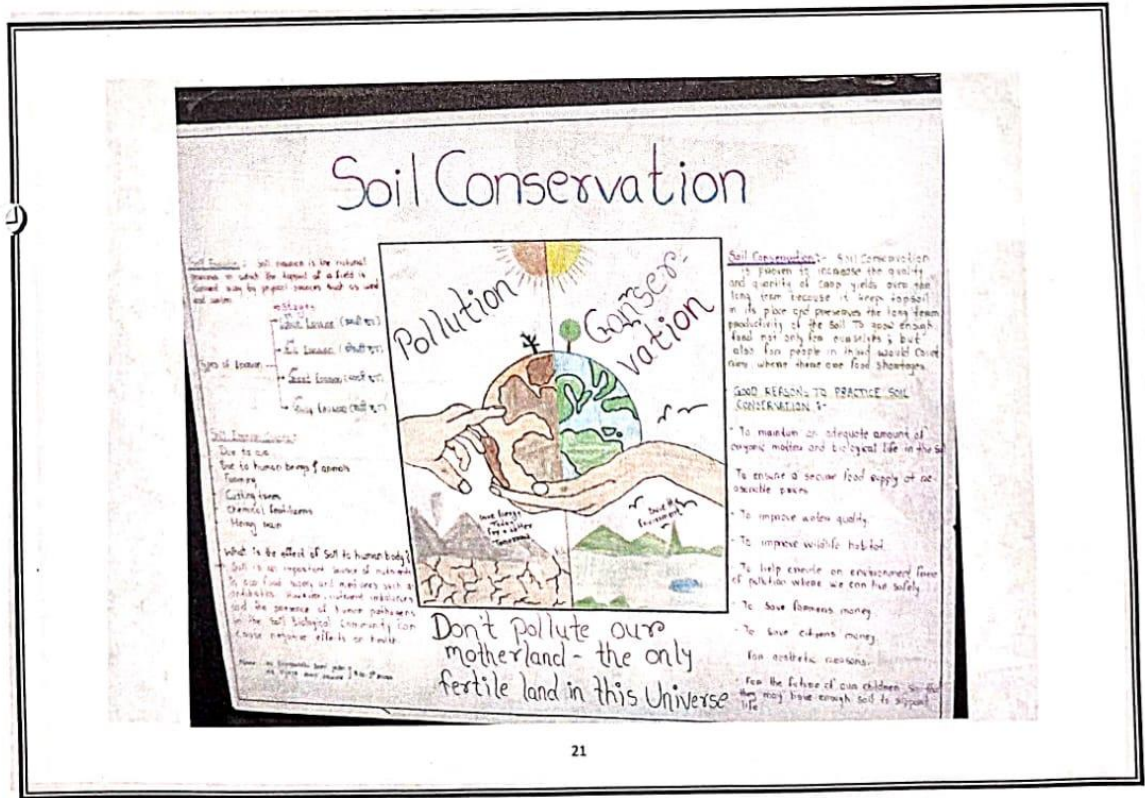

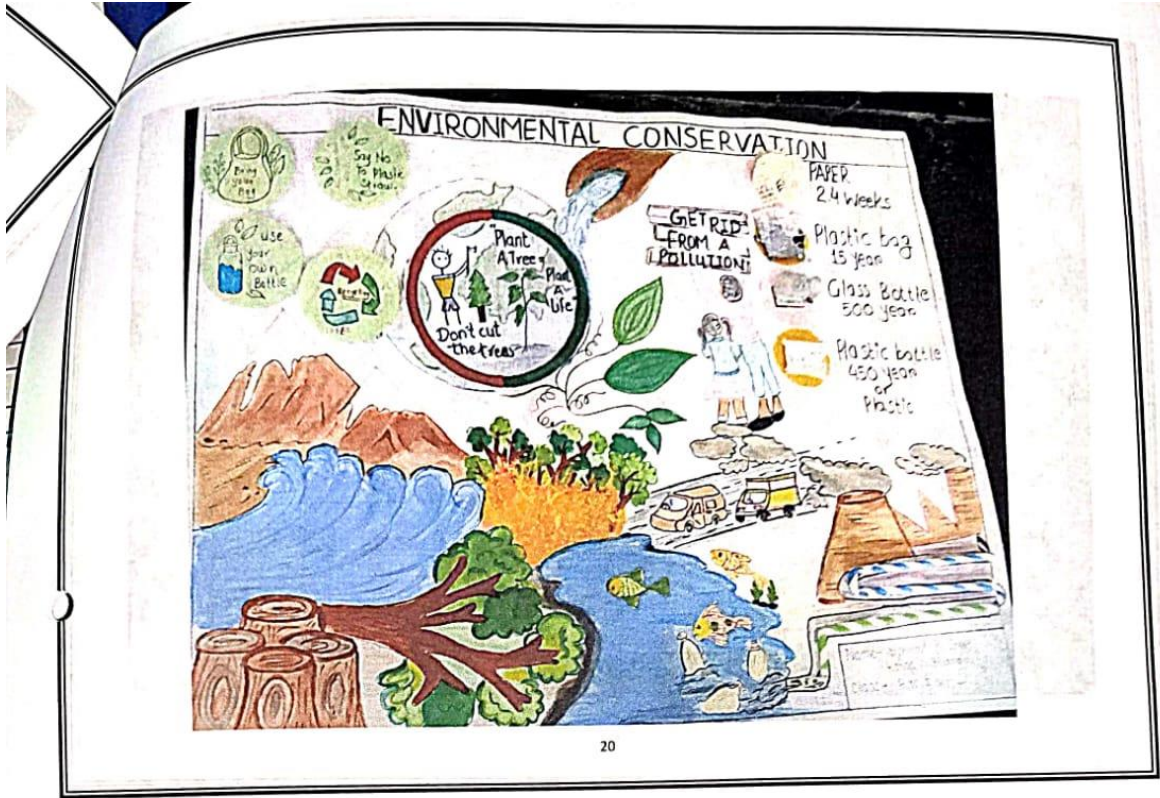

- 1) Loss of fertility
- 2) Contamination of crops
- 3) Contamination of groundwater
- 4) Contamination of surface water

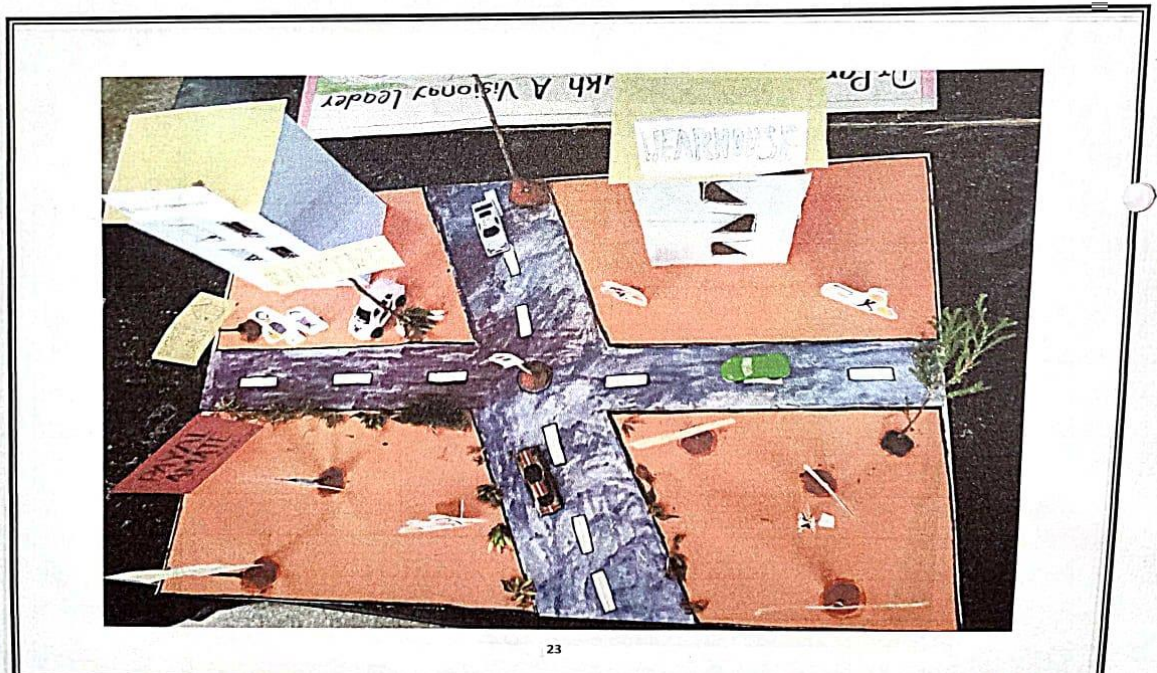

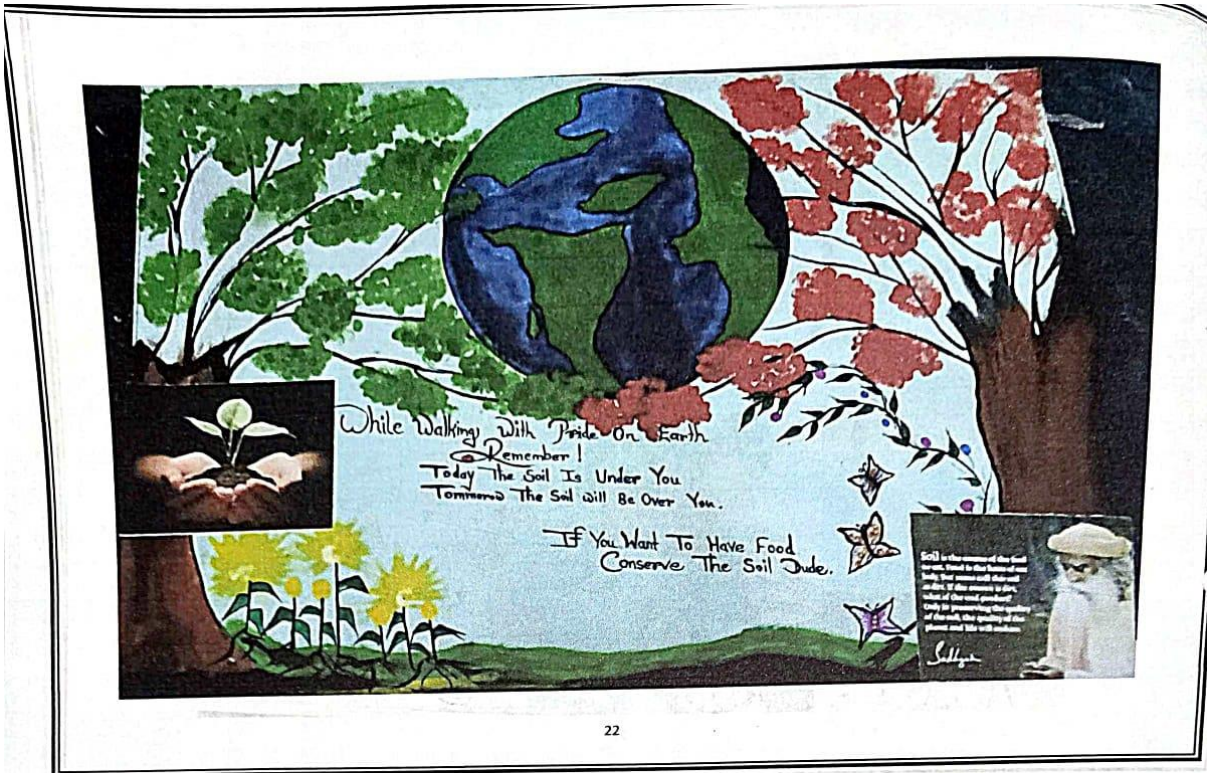

Water Pollution

Contamination of water due to sewage, pesticides, etc. from factories, vehicles, etc.

Effects of Water Pollution:

- 1) Loss of fish and other aquatic life
- 2) Contamination of drinking water
- 3) Contamination of irrigation water
- 4) Contamination of groundwater
- 5) Contamination of surface water
- 6) Contamination of soil
- 7) Contamination of air
- 8) Contamination of plants and animals
- 9) Contamination of human health
- 10) Contamination of the environment

Dr. Panjabrao Deshmukh A Visionary Leader.

I have deep respect for Indian learning and learning community. To my view the life is the ultimate wealth. Education is the ultimate wealth. Education is the ultimate wealth. Education is the ultimate wealth.

Dr. Panjabrao Deshmukh
Krishi Vidyapeeth Akola.

The central Campus is at Akola While another major Campus at Nagpur. A new Campus has been established at Garchirali.

He Was Born on 27th of Dec 1898 In the Marathi Family At Patil In Amravati District. His father was Shri. Bhausaheb and Mother Bhabha. He has the honor of India's first Agriculture Minister At His father Shri. He taught thousands of students for 40 years and started a new movement for equality.

7. World Wetland Day

Quiz for introducing the wetland and its Restoration

WORLD WETLAND DAY
2 February 2023

Shri Shivaji Education Society, Amravati's
Jijamata Mahavidyalaya, Buldhana
DEPARTMENT OF BOTANY AND MICROBIOLOGY

Report

Every year on February 2, World Wetlands Day is held to commemorate the establishment of the Ramsar Convention and to increase public awareness of the extraordinary contribution wetlands make to the security of our water, food, and climate. In the year 2023 World Wetlands Day aimed at focusing on "Wetland Restoration." This subject emphasises the urgent need to take positive action by investing resources financial, human, and political to prevent the degradation of the world's wetlands and to rehabilitate those that have already been damaged.

This year department of Botany and Microbiology from Jijamata Mahavidyalaya, Buldhana tried to make students and society aware about the importance of these natural habitats called Wetlands or Ramsar site. Due to solving the quiz on wetland awareness and enthusiasm to understanding definitely increased. After this activity students came up with more questions related to this in regular class lecture and in discussion session. Total 104 students involved in this activity.

SCREENSHOT OF GOOGLE FORM RESPONSES

This screenshot shows the top portion of a Google Form response spreadsheet. The data is organized in columns: the first column lists dates and locations (e.g., 2021/02/23, Aceh), followed by several columns of numerical values (likely scores or counts) and categorical entries (likely names or locations). The table includes rows for dates from February 23 to February 29, 2021.

This screenshot shows the bottom portion of a Google Form response spreadsheet, continuing from the top section. It contains data for dates from February 23 to February 28, 2022. The columns and structure are consistent with the 2021 data, showing a mix of numerical values and categorical responses.

Name of Activity	: Worlds Sparrow Day		
Date	: 20 March 2023	Time	: 11:00 AM
Faculty	: Science	Department / Committee	: Zoology
Venue	: Jijamata Mahavidyalaya, Buldhana	No. of Participants	: 42
Head / In-charge	: Dr. R. M. Yewale	Assistant In-charge	: Prof. P. R. Thakare

Brief Information about the Activity

Topic of Activity	Worlds Sparrow Day-20.03.2024
Objectives	Every year on March 20, World Sparrow Day. It is designated to raise awareness about sparrow conservation and protection, as their numbers are declining globally. The goal of the day is to educate people about the values of sparrows in the ecosystem, their role in pollination, and their importance in pest control.
Methodology	World Sparrow Day is celebrated by making water pots for birds in the college campus by providing little amount of grains in each pot.
Mode (Online/Offline)	offline
Outcomes	1. Students able to know awareness about the decline in the sparrow population. 2. Students got knowledge about the conservation of sparrow's species because sparrows key indicators of nature. 3. The day provides an opportunity for individuals and communities to come together and take action to protect and conserve sparrows.

SHRI SHIVAJI EDUCATION SOCIETY AMRAVTIS

DEPARTMENT OF ZOOLOGY
WORLD SPARROW DAY
20 MARCH 2023
REPORT

Department of Zoology celebrated World Sparrow Day on dated 20 March 2023. World Sparrow Day is celebrated on 20 March to spread awareness on the importance of conserving sparrows and other birds. The theme of the Sparrow day of this year is 'I Love Sparrows', with the goal of encouraging more people to appreciate the relationship between humans and sparrows. On this occasion our students of B.Sc. Part-I, II & III made bird water pots for thirsty birds in the college campus. By spreading awareness and taking action, we can help preserve these small but significant creatures and maintain the ecological balance.

Dr. V. R. Kakde, Dr. R. M. Yewale, Prof.P. R. Thakare, Prof. S. Nalinde, Mr. D. S. More with 42 numbers of students presented for the program. This program was supported and guided by Principal Dr. P. P. Kothe successfully.

जिजामाता महाविद्यालयात जागतिक चिमणी दिवस

बुलढाणा, दि. २२ (प्रतिनिधी)

स्थानिक जिजामाता महाविद्यालय येथील प्राणीशास्त्र विभागामार्फत जागतिक चिमणी दिवसानिमित्त चिमणी दिन साजरा करण्यात आला. यावेळी विद्यार्थ्यांनी महाविद्यालयाच्या परिसरातील झाडांवर पक्षांसाठी अन्न पाण्याची ५० मातीची भांडी लावली.

चिमणी समृद्ध परिसंस्थेचे द्योतक आहे, वाढते तापमान, प्रदूषण, शहरातले कॉंक्रीटीकरण, प्रचंड वृक्षतोड तसेच पक्ष्यांकरिता विपरीत वातावरण आहे. यामुळे घटती चिमणी, तत्सम पक्ष्यांची संख्या हा सर्वांना चिंतेचा विषय आहे. त्यानिमित्ताने निसर्ग संवर्धन यावर चिंतन मनन होणे गरजेचे आहे. चिमणी दिनानित्ताने जनजागृती होवून त्यावर उपाय योजना व्हावी, तसेच पक्ष्यांच्या संख्येत वाढ व्हावी, यासाठी जिजामाता महाविद्यालयात चिमणी दिन उत्साहात साजरा करण्यात आला. प्राणीशास्त्र विभागप्रमुख प्रा. डॉ. वंदना काकडे, प्रा. डॉ.राजश्री येवले, प्रा.पवन ठाकरे, दिलिप मोरे व बीएससी भाग १, २ व ३ चे विद्यार्थ्यांनी अन्न आणि पाणी ठेवण्याचे ५० मातीची भांडी महाविद्यालयाचे परिसरात लावली. विद्यार्थ्यांना चिमणी तसेच पक्ष्यांचे पर्यावरणातील महत्त्वाचे स्थान याची माहिती देण्यात आली. प्राचार्य डॉ. कोटे यांच्या मार्गदर्शनाखाली डॉ. वंदना काकडे यांच्या पुढाकारातून सदर चिमणी दिवस साजरा करण्यात आला.

वैदर्भ दर्पण

विविध वृत्त

प्रासंगिक लेख:- २० मार्च जागतिक चिमणी दिन 'चिरुताई चिरुताई.. दार उघडं'

मंडळी, २० मार्च जागतिक चिमणी दिवस चिमणी हा सर्व सामान्यांचा आपलासा वाटणारा लाडका पक्षी. लहान मोठ्यांना तो सामाजिक पक्षी वाटतो. हल्ली त्याने तो सामाजिक बांधिलकीचा वसा सोडलेला आहे. मानवी वस्ती पासून दुर दुर राहायला लागला. अहो खरेच त्या पक्ष्याने मानवी वस्तीपासून दुर गावाबाहेर माळरानात, डबक्याजवळील बुडम्यात असा अधिवास बदलला. ३०, ४० वर्षांपूर्वी घरात, उकियेच्यावर अन्नाची शिंते येथत सहज घरादारात डोक्यावणारा, जमेल त्या घराच्या कानाकोपऱ्यात निवारा बांधणारा चिमणा चिमणी पक्षी अचानक हसवल्या सारखा झाला. मधली पिढी आजू काळू आई मावशी मार्फत चिमणी बाबताची आपुलकी युक्त सहज माहिती राखून दंडित झाली. कारण काय ते तर झयलारा पक्षी मानवी वस्तीत दिसेनासा झाला. आधी चिमणी प्राकळ्याबाबताची माहिती गाणी म्हणुन राखतेने एकायला मिळवची. चिमणी तिचे घरटे स्वतः आणि खूप आकर्षक बनवते. रावसाळा सुरु होण्यापूर्वीच चिमणी घर बनवण्यास सुरुवात करते. साधारणपणे चिमणीचे घर हिरवे बाहेक

गवत यापासून बनवलेले असते. चिमणी हा जरी छोटासा पक्षी असला तरी निसर्गाचे संतुलन राखण्यात उपयुक्त

आहे. आपल्या वातावरणात असलेल्या कीटकना खाऊन चिमणी नष्ट करते.परंतु आज शहरी भागात चिमण्या जवळपास विलुप्त झाल्या आहेत. ग्रामीण भागात थोड्या प्रमाणात त्या अस्तित्वात आहेत. चिमण्याच्या विलुप्ती मागील मुख्य कारण शहरात तयार होत असलेले मोठ मोठे उद्योगपंढे, कारखाने, वायू प्रदूषण आणि मोबाईल च्या टॉवर मधून निघणारे हानिकारक किरणे आहेत.

माणसाच्या अगदी जवळच राहणारा हा पक्षी असून कीटक, घान्य, मध,शिजवलेले अन्न, सुर्यपुन्लाच्या दिवा असे सर्व प्रकारचे खाटा खातो. विणीचा हंगाम वर्षभर असू शकणारा पक्षी अशी ओळखही या पक्ष्याची आहे. गवत, कापूस, पिसरे, मिळतील त्या वस्तू वापरून घराचे छत, वळघणीच्या जागा, दिव्यांच्या मागे, झाडांवर असे कुठेही घरटे बांधतो. मादी निस्कत हिरव्या पांढऱ्या

रंगाची, त्यावर तपकिरी ठिपके असलेली ४ ते ५ अंडी देते. अड्याच्या रंगात स्थानिक बदलही आहेत. नर-मादी घरटे बांधण्यापासून, अंडी उबविणे, पिल्ला खाऊ घालणे वगैरे सर्व कामे मिळून करतात. चिमण्यांचे आयुष्य सहा महिने ते तीन वर्षांपर्यंत असते.

अ | प ल य |
अ व ती म ा व ती

आळखणारे चिमणी, कावळा, कबुतर, मैना, कोतवाल पोपट, कोकीळ, सालूवया सारखे पक्षी मानवाला संगीत, कामातील तन्मयता आणि अपत्येमेम प्रत्यक्ष अप्रत्यक्ष पणे शिकवीत असतात त्यामुळे त्याची घटती संख्या हा काळजीचा विषय आहे.

चिमण्यांचे प्रमाण दिवसेंदिवस कमी होत आहे. तरी आपण पर्यावरण वाचवू या आणि चिमण्या व इतर पशु पक्षी यांचे संवर्धन करू या.... "चिमणी चिमणी दार उघडं,पाणी पी, दाणा खा भुर कन उडून जा...."

WORLD EARTH DAY

22 April 2023

REPORT

Department of Zoology in collaboration with National Cadet Corps celebrated World Earths Day in dated April 22, 2023. The theme of this day celebration is Invest in our planet. Every one of us needs a healthy Earth to support our jobs, livelihoods, health & survival and happiness. A healthy planet is not an option-it is a necessity. Earth Day celebration mission is to diversify, educate and activate the environmental movement worldwide, all year long. 27 numbers of NCC cadets and students with teachers were presented for such program. This program was supported and encouraged by college Principal Dr. P. P. Kothe, Dr. R. M. Yewale, Dr. P. B. Wagh & Prof. P. R. Thakare presented for such program.

International Millets Year

(01 May 2023)

REPORT

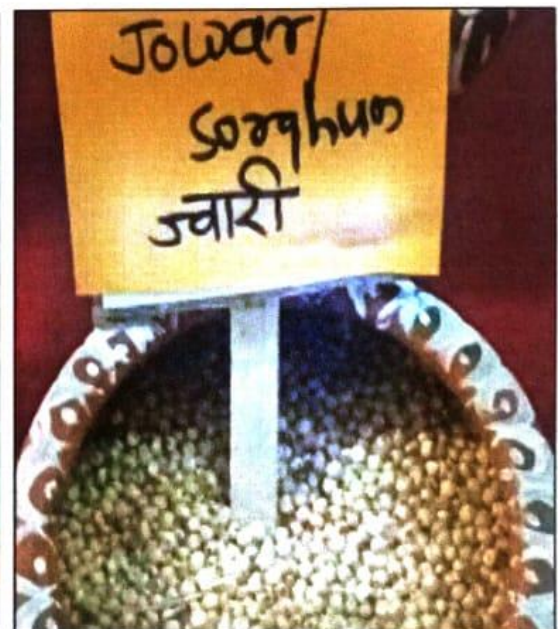

INTERNATIONAL YEAR OF MILLETS: 2023
13 MAH BN KHAMGAON COY NCC

1. This year 2023 has been declared by the United Nation as the International Year of the Millet, following a proposal of India, which to position to as a global hub for millets.
2. Millets have been an integral part of our diet for centuries. In addition to a plethora of health benefits, millets are also good for the environment with low water and input requirement. With the aim to create awareness and increase production & consumption of millets, United Nations, at the behest of the Government of India, declared 2023 the International Year of Millets. To commemorate this, NCC Unit Jijamata Mahavidyalaya, Buldhana of 13 Maharashtra Batalion Khamgaon conducted awareness program at Buldhana. Cadets of Jijamata Mahavidyalaya, Buldhana collaborative efforts to promote the cultivation and consumption of various millets, have taken an initiative to raise awareness about the importance of millets and their role in ensuring food security and sustainability.

Health benefits of RAGI

3. CTO Pavan Thakare, NCC Coordinator of Jijamata Mahavidyalaya, Buldhana addressed NCC cadets and explained the importance and nutritional value of millets. He also highlighted the millets are group of small-seeded, cereal crops such as Jowar (sorghum), Bajra (Pearl millet), Ragi (Finger millet), Kodo millet, Little millet and Foxtail millet are highly nutritious and offer a range of health benefits. That all millets have good source of essential nutrients, have a low glycemic index, are gluten-free, and are rich in antioxidants. Millets can help reduce cholesterol levels, lower the risk of heart disease, and are easy to digest. They are versatile and can be cooked in many different ways, making them valuable addition to any diet.
4. After the session, the NCC cadets along with CTO Prof. Pavan Thakre reached out to glossary shopkeepers, farmers, and common people to raise awareness about the importance of millets. The initiative aims to promote the cultivation and consumption of various millets such as Jowar (Sorghum), Bajra (Pearl millet), Ragi (Finger millet), Kodo millet, Little millet and Foxtail millet, in the Buldhana city Maharashtra, India. This will not only contribute to food security but will also help in preserving the soil health and water conservation. This initiative is in line with “United Nations” declaration of 2023 as the International Year of Millets., which aims to raise awareness about the importance of millets and their contribution to achieving the sustainable Development Goals (SDGs). It is hoped that the efforts of NCC cadets and students and people have inspired others to join the cause and promote the cultivation and consumption of millets for a healthier and sustainable future.
