Pani-Adva, Pani-Jirva

ACTIVITY REPORT

The NCC Volunteers of Jijamata Mahavidyalaya, Buldana built a check dam across a river to control the flow of water under “Pani-Adva, Pani-Jirva” scheme. The aim to built check dam on river was to raise the water level in a channel to divert the flow to irrigation systems that are located at higher elevations. Check dam was built up with the help of empty cement bags and sand. The check dam was one of many such structures built with the help of student volunteers. There were 50 Students actively participated in “Pani-Adva, Pani-Jirva” scheme. Students explained villagers the importance and need of water conservation. Students realized that there was a pressing need to use this water to improve farmers’ livelihoods as well. By building this check dam most of the water will be conserved. These small streams during rainy season get flooded and carry large amount of water down the steep land. To resolve these issue students built a check dam on local river basin.

Principal Dr. Siddharth Meshram, Dr. Vandana Kakde and Dr Surendra Sheje appreciated students’ efforts.
