**Report on Software Training Programme (CampusNet ERP) in Jijamata College Buldhana**

Date: 19th April 2019

**Introduction:**

A software training programme on CampusNet ERP was organized on 19th April 2019 at Jijamata Mahavidyalaya, Buldana for the non-teaching staff and office people of the college. The training was aimed at providing the participants with the necessary skills and knowledge required to use the CampusNet ERP software effectively.

**Details of the Training Programme:**

The training programme was conducted by a team of experts from the CampusNet ERP software company. The programme started at 10:00 am and ended at 5:00 pm. It was held in the computer lab of the college, which was equipped with the necessary software and hardware required for the training.

The training programme was divided into two sessions. The first session was conducted in the morning and was focused on providing an overview of the CampusNet ERP software. The session started with a presentation that covered the basic features of the software, its benefits, and its importance in the daily operations of the college.

The participants were also provided with hands-on training on how to navigate through the software, create and manage student records, generate reports, and use other features of the software. The session was interactive, and the participants were encouraged to ask questions and clarify their doubts.

The second session was conducted by Mr. Harshal Watane (Software Expert) in the afternoon and focused on advanced features of the CampusNet ERP software. The session covered topics such as advanced report generation, data analysis, data mining & accounts. The participants were also given an opportunity to practice these advanced features under the guidance of the trainers.

**Outcome of the Training Programme:**

The training programme was well-received by the participants, who found it to be informative and useful. The participants were able to learn how to use the CampusNet ERP software effectively, which would enable them to perform their duties more efficiently.

The training also helped the participants to understand the importance of using technology in their daily operations and how it can help them to save time and effort. The participants expressed their appreciation for the training programme and requested for more such programmes in the future.
